

## Community and Regional Development Sample Study Plans for Freshman

- This is a sample academic plan. Your academic plan will differ depending on previous credit received, prerequisites taken for upper division track courses, your course schedule, and available offerings.
- Please work with the College of Agriculture and Environmental Science Deans Office (150 Mrak Hall) to choose GE classes to ensure that all General Education requirements are met.
- All classes with letter grading that satisfy major requirements (i.e., lower and upper division classes, English classes, and track courses) CANNOT be taken P/NP.
- You must complete at least 39 units by the end of Spring Quarter 2021 in order to meet good Minimum Progress Standing.
- If you completed any coursework at a community college, do NOT enroll in courses at UC Davis that sound similar to courses you completed at the community college.
