

VOTE Christine Aguado

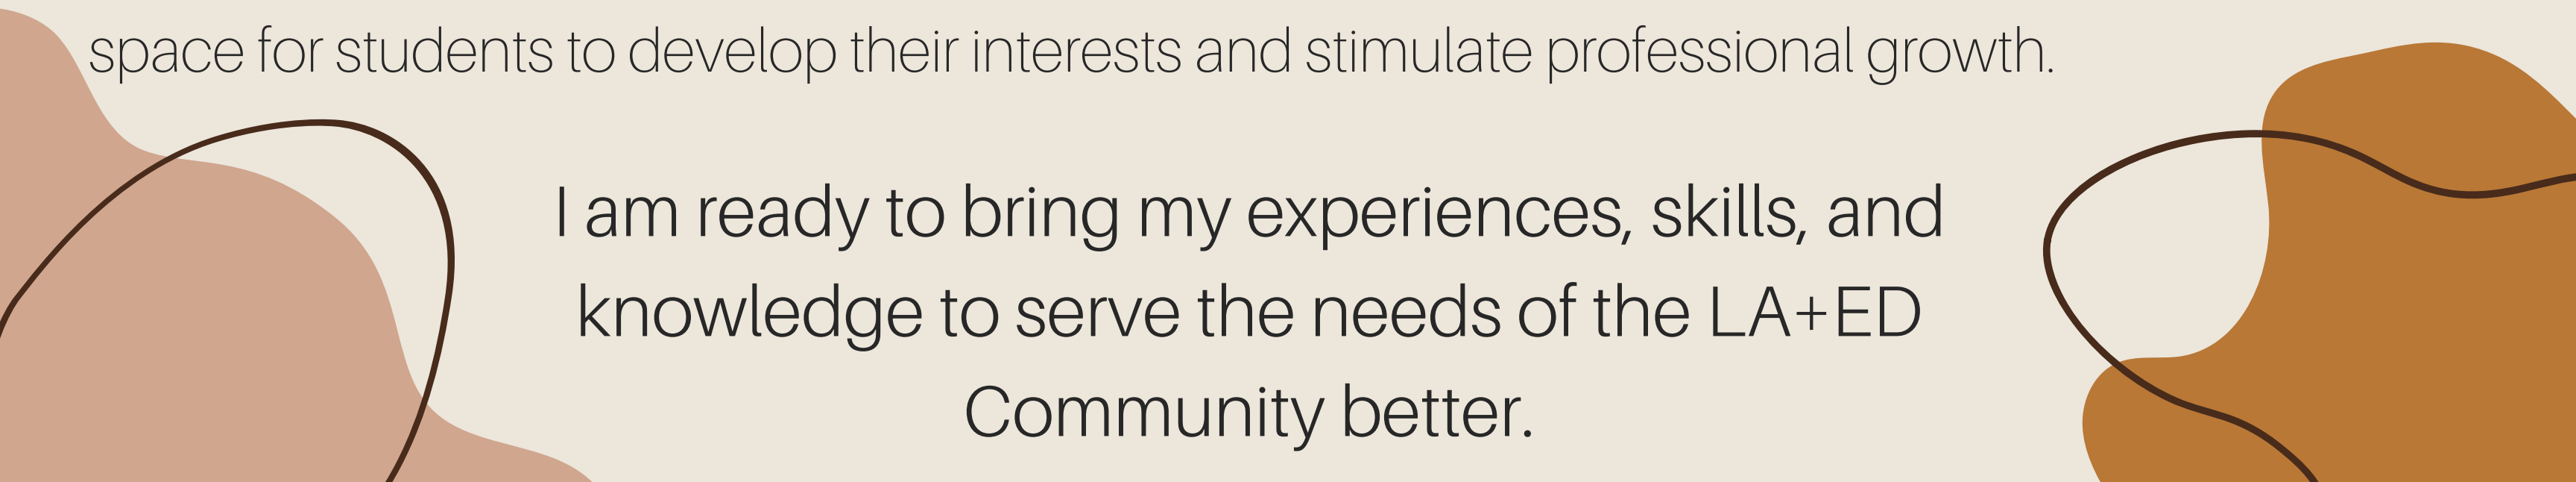

FOR SCASLA PRESIDENT 2022-2023

My Name is Christine Aguado, and I am running for SCALAS President for the upcoming 2022-2023 academic year. I am a junior transfer student in the UC Davis Landscape Architecture Program, in which I have fostered a strong relationship with my peers and staff.

As a low-income first-generation immigrant, I understand the necessity of community-based projects that support the development of struggling neighborhoods. As a result, I've always strived to positively enrich my community by joining organizations and volunteer opportunities that reflect my beliefs.

Throughout my academic career, I have been involved in various academic and professional organizations, such as the Society of Women Engineers and Habitat for Humanities. Involvement with groups such as these has cultivated my interest in advocacy and leadership. As a result, I have developed the skills needed for the position, like interpersonal communication skills, event planning, and leadership. All the while, I make sure to emphasize team-building and collaboration. Additionally, I have developed a passion for community service and advocacy and highlighted the importance of Equity, Diversity, and Inclusion within the LA+ED program. I hope to collaborate with the staff to better assist students in excelling in their academic and professional goals.

As President, My goal is to support students at all academic levels, offering assistance from newly admitted students to transfer students and seniors transitioning into the Professional field. By Providing resources such as internship opportunities and establishing a peer-mentor relationship with working professionals. Most importantly, I want to cultivate an inclusive space for students to develop their interests and stimulate professional growth.

I am ready to bring my experiences, skills, and
knowledge to serve the needs of the LA+ED
Community better.
