

## MULTIPLE MAJOR PETITION (CROSS - COLLEGE or WITHIN COLLEGE)

---

A student choosing to major in multiple majors must petition the departments responsible for the major(s), and the dean. The dean's approval of declaration for multiple majors is subject to the following:

1. At least 80 percent of the upper units required to satisfy course and unit requirements in each major selected must be unique and may not be counted toward the upper division unit requirements for any other selected major. Courses with substantial overlap in content will not count as part of the 80 percent.
2. If the major/program differ in the number of upper division units required, the major/program requiring the smaller number of units will be used to compute the minimum number of units that must be unique.
3. The student must be in good academic standing and have a C average in the upper division courses taken toward the major/program.
4. Multiple majors will not be approved for the following majors: biochemistry and molecular biology; biological sciences; cell biology; evolution and ecology; genetics; microbiology; neurobiology, physiology, and behavior and plant biology.
5. All requirements must be completed within the 225-unit limit.

# MULTIPLE MAJOR PETITION (CROSS - COLLEGE or WITHIN COLLEGE)

Name: \_\_\_\_\_ ID Number: \_\_\_\_\_ Date: \_\_\_\_\_  
 (Print) Last First MI

Address: \_\_\_\_\_ Expected Graduation Date: \_\_\_\_\_
